

Problem No. 2

a) 1st bucket

$$1. i = 1 \quad i = K = n \quad \therefore O(n)$$

$$2. i = 2$$

$$3. i = 3$$

2nd Bucket

$$1. j = 1 \quad j = 1 \quad O(1)$$

2. Break

$$\therefore O(n) \cdot O(n) = O(n) //$$
